Wheels International Freight Systems Inc.

Corporate Profile

Wheels International Freight Systems Inc. is a member of the **Wheels Group of Companies**. The group which is privately held was formed in 1988 and is a niche 3PL / LLP (Lead Logistics Provider)

As a non-asset multi-mode transportation provider, Wheels International offers a wide range of transportation and management services. The company has maintained **ISO 9001:2000** registration since 2001 and was one of the first transportation companies in Canada to obtain this registration. Named as one of “**Canada’s 50 Best Managed Private Companies**” for the tenth consecutive year in 2005, it is now a member of the elite platinum group.

As a non-asset company, Wheels focuses on the needs of the customer while partnering with the appropriate highway, rail, and ocean or air carriers to procure the transportation services required. Wheels provides many different levels of service to our customer which range from the occasional shipment - to single source transportation - to full outsourcing of the customers transportation management - to supply chain consulting and implementation.

Wheels Business Logistics, a division of Wheels International, offers the expertise to objectively analyze customer transportation processes, identifying potential supply chain improvement opportunities (cost and service) & synergies. Using industry benchmarks to gauge performance, the business logistic group works closely with our customer to identify Key Performance Measures (KPIs) which can be utilized to gauge the overall cost reduction and improvement in delivery service.

Wheels Project/Client managers possess the skills to successfully implement supply chain initiatives while assembling the expertise and technology to identify economically feasible strategic options for growth or business improvement.

Carrier Compliance

Wheels has several quality processes in-place to ensure that customer needs are being managed properly and to meet industry and customer performance expectations:

- **WheelsCare® Carrier Compliance** – When forging new partnerships with our suppliers, Wheels follows a stringent process to evaluate each new carrier. This is done to ensure that the carriers chosen have all necessary licenses, insurance and authorities. The performance of each carrier is monitored on an on-going basis to capture the number and types of incidences that occur with shipments.
- **Incidence Reporting** – The on-going evaluation of our carriers is based upon on-time performance which is monitored consistently. Every shipment incidence is tracked and analyzed to determine the root cause(s). Wheels uses this process to identify systemic issues that may have a potential impact on the effectiveness of the transportation processes such as shipment booking, carrier commitment, carrier activity, shipping and consignee point activities and other causes such as weather. This information also permits iWheels to continuously drive improvement in on-time performance, and to ensure that the carriers being used are providing the best levels of service possible to our customers
- **Hazmat Shipments** - To ensure the highest levels of safety, Wheels carriers handling freight requiring a more stringent level of compliance, such as hazardous or chemical shipments, are required to meet more rigorous standards and possess a high safety rating before becoming an approved supplier to Wheels. Details of the **WheelsCare®** program are available upon request.

Carrier Partner Evaluation:

As mentioned earlier, all shipments made on behalf of clients are monitored for incidences. Carriers are selected, and managed, based on their overall performance. Every month, incidences are reviewed on a case by case. Carriers found to be at fault for the incident and who cannot meet the required 95% target will be required to provide an explanation for the service failure and a brief action of how future failures of this nature can be prevented. Monthly carrier performance reviews are critical to ensure that performance trends, and causes for service failure are well understood, and that proper actions are being taken to eliminate systemic issues

Carrier Minimum Documentation Requirements:

All carriers chosen to participate with iWheels in the management of a client's transportation needs must have the following information up-to-date and on file with iWheels Compliance:

- Copy of all Operating Authority documents (ICC or DOT)
- Copy of current Insurance Certificate
- Copy of up-to-date Canadian CVOR
- Any / all Applicable HAZMAT licenses
- Any / all relevant border crossing certification i.e. F.A.S.T, C-TPAT, C.S.A. etc.

These records are kept confidential and are used to keep our database of carriers current, allowing the iWheels operations team to select the carrier(s) that best meet our customer requirements.

Other Wheels Locations:

- Mississauga, Ontario, Canada
- Vancouver, British Columbia, Canada
- Montreal, PQ, Canada
- Detroit, Michigan, USA
- Chicago, Illinois, USA
- Akron, Ohio, USA
- Jacksonville, Florida, USA
- Findlay, Ohio, USA
- Laredo, TX, USA

MARSH

Certificate of Insurance

MMC MARSH MERCER KROLL
GUY CARPENTER OLIVER WYMAN

No. **2008-2** Dated: **November 27, 2008**
This document supersedes any certificate previously issued under this number

This is to certify that the Policy(ies) of insurance listed below ("Policy" or "Policies") have been issued to the Named Insured identified below for the policy period(s) indicated. This certificate is issued as a matter of information only and confers no rights upon the Certificate Holder named below other than those provided by the Policy(ies).

Notwithstanding any requirement, term or condition of any contract or any other document with respect to which this certificate may be issued or may pertain, the insurance afforded by the Policy(ies) is subject to all the terms, conditions and exclusions of such Policy(ies). This certificate does not amend, extend or alter the coverage afforded by the Policy(ies). Limits shown are intended to address contractual obligations of the Named Insured.

Limits may have been reduced since Policy effective date(s) as a result of a claim or claims.

<p>Certificate Holder:</p> <p>To Whom It May Concern</p>	<p>Named Insured and Address:</p> <p>Wheels International Freight Systems Inc. 5090 Orbitor Drive, No. 1 Mississauga, ON L4W 5B5</p>
--	---

This certificate is issued regarding:

Evidence of Insurance
